

CSEE Technical Support

Welcome to the CSEE Technical Team's support portal. This site contains a number of guides and hints when working with systems managed by the School of Computer Science and Electronic Engineering. Access to this portal is restricted as it is available both on, and off campus. To access these areas you will need to log-in with your Essex username (everything before the @essex.ac.uk) and normal campus password.

If you're not able to find support below, please email csee.helpdesk@essex.ac.uk to open a support ticket, or log in here <http://csee-helpdesk.essex.ac.uk>.

CSEE Horizon

Horizon allows you to access our specialist labs and software from any suitable University space, and also remotely from anywhere with an internet connection and web browser.

Web Access

- <https://csee-horizon.essex.ac.uk> → Select the “VMware Horizon HTML Access” link which can be accessed via a web browser, remotely or on-campus.

Client Access

- [CSEE Horizon - On-Campus User Guide](#) → Access using the VMware Client from any of the University's spaces, including CSEE Labs, DITS Labs A-F, Silberrad, Limehouse, Library, etc.
- [CSEE Thin Clients](#) → Thin Clients are simple computers whose only purpose is to connect to Horizon. This section is applicable mainly to staff and PhD students working on-campus in CSEE hot-desking areas.
- <https://csee-horizon.essex.ac.uk> → Select “Install VMware Horizon Client”, for users who wish to install the VMware Client on their own computer (administrative access required on your device). When installed, launch the client and click Add Server - entering `https://csee-horizon.essex.ac.uk` as the address.

CSEE Students

- [CSEE Students](#) → Guides, lab inductions, operations manuals.

CSEE Staff & Academics
